

Vertical balers

B-series

Baler B4

Powerful and compact

The B4 is a small machine that packs a powerful punch with a high press force and an automatic ejection system.

Safe to operate

Users safely eject finished bales using the two-hand ejection system.

Highlights

- Automatic ejection system
- Full bale indicator light
- Very low noise level (<60 dB)
- Low overall height (6.5 ft.) and small base area (3 ft.)
- Finished bales weigh 85 - 155 lbs.
- Easy and convenient operation in front of baler

Optional Extras

Control who operates your baler with a digital auto lock.

You may choose other RAL colors for your balers.

Get online access to your balers with our monitoring system called BRA-IN.
